

Dear Reader,

We are presenting the new issue of the Central European Network for Logistics Competence (CENTRAL LOCO) newsletter. With this third release you will find announcements of many events, conferences and meetings to be held around Europe.

1. *The Czech Logistics Association invites you to the XI International Logistics Conference LOGISTICS – the phenomenon of economic expansion, which will take place on the 21st of June, 2006 in Prague Congress Centre, Prague, Czech Republic. For more details visit: <http://www.logistika.cz/en/index.php?menu=>*
2. *We are kindly inviting you to participate in the European Logistics Conference EUROLOG 2006, accompanied by the 25th ASLOG National Congress which will take place on 21-23rd June 2006 in Strasbourg. The title of the conference is “Logistics in the Value Chain: Designer or Performer” proving that the creation of a value remains a key driver for development and success. <http://www.polloco.pl>*
3. *12th International Conference on Concurrent Enterprising devoted to Innovative Products and Services through Collaborative Networks is to be held in Milan, Italy, on 26-28 June 2006. The ICE conference is a premier forum to enable practitioners, researchers as well as tool vendors to present, demonstrate and share the results and achievements of their work in the broad domain of Concurrent Enterprising. <http://www.polloco.pl/events/zapowiedzi.php>*
4. *Leading innovators, entrepreneurs and producers of Information and Communication Technology (ICT) are invited to showcase ICT products and services that facilitate daily life for the users during the Baltic Challenge Award Conference hosted by the City of Riga on August 24-25, 2006. <http://www.polloco.pl/events/zapowiedzi.php>*

5. *The roundtable devoted to “Modelling approaches on Urban Goods Transport” is organised in the framework of BESTUFS II project, as part of the workpackage "Urban Freight Data harmonisation and Modelling". Roundtables are organised each year in order to account for works about data collections, modelling and application fields and uses cases. The coming meeting is to be held in Wildau, near Berlin, Germany, on 8-9 June 2006. <http://www.polloco.pl/events/zapowiedzi.php>*

6. *16th International Fair for Transport, Logistics and Telematics - Mai 30th to June 1st 2006 - Cologne, Germany. For the 16th time the international trade fair EuroCARGO will present products and innovative solutions for freight transport and systems for intermodal transportation. It shows ways of enhancing the efficiency of logistic processes in collaborative networks and integrated supply chains. <http://www.eurocargo-messe.de/englisch/index.php>*

7. *We are inviting you to AUTOTEC 2006- 3rd - 7th June 2006- Brno - Exhibition Centre, Czech Rep. International Fair of Utility vehicles, parts, Accessories and Garage Equipment. <http://www.bvv.cz/autotec-gb>*

8. **LTS TRANSPORTA - 19.6. - 22.6.2006, Poznań, Poland, The Exhibition of Logistics, Transport and Forwarding** LTS TRANSPORTA is a specialist exhibition aiming at the promotion of innovative solutions and technologies in in-house and inter-process transport, logistics and forwarding. <http://transporta.mtp.pl/en>

Best regards,

*your **CENTRAL LOCO** team.*
